

## 1911 census for Osborne and part of Castleton

The enumerator's descriptions of the boundary of the enumeration district and its contents:

*The whole of the civil parish of Osborne and all that part of the civil parish of Castleton bounded on the south by the London and Southwestern Railway to Castleton, from thence by the civil parish of Sherborne to Trent Path Lane (not easy to decipher) and from thence by the centre of the main road to Yeovil and including all that part of the civil parish which lies to the north of such main road.*

*The civil parish of Osborne (entire) and the ecclesiastical parish of Osborne – St Cuthbert's (entire): the whole of the parish of Osborne including cottages in London Road, the Grange, Lower Farm and cottages in Bristol Road.*

*Civil Parish of Castleton (part of) & ecclesiastical parish of Sherborne St Mary (part of): A former part of Sherborne Parish including Upper Clatcombe Farm, Clatcombe Farm and cottages, four cottages at Coombe, Coombe Farm and cottages, Isolation Hospital and Dodge Cross cottages at Castle Farm, Blackmarsh Farm and cottages, cottages at Old Bell and Mr Berry's House.*

I haven't included all the properties described in the last paragraph above, but only those that I recognise as immediately adjacent to the present village of Osborne, such as the cottages at the Old Bell Inn.
